Index to Volume 49

Subjects

Abortion
on demand, psychiatric sequelae, 255 (Mar.)
septic, 148 (June)
Accidents
adolescents and (editorial), 238 (Mar.)
Addison's disease
hereditary syndrome, oral manifestations, 163 (Feb.)
oral manifestations, 81 (Jan.), 110 (Jan.)
Adolescents: See Pediatrics
Adrenals: See Addison's disease, Corticosteroids and ACTH
Allergy
aspirin, anaphylactic reaction, 197 (May)
mouth ulcers and, 71 (Jan.)
reaction, acute, to insect sting, 191 (May)
Amyotrophic lateral sclerosis
oral motor impairment, 162 (Jan.)
Analgesics: See Drugs, analgesic
Anemia
hypochromic, differential diagnosis, 88 (Apr.)
iron-deficiency, oral indications, 100 (Jan.)
Anesthesia
halothane, current status, 177 (Apr.)
problems in elderly, 212 (Apr.)
selection in noncardiac surgery in cardiac patients, 174 (Feb.)
selection in surgery involving extracorporeal circulation, 263 (Mar.)
Aneurysm: See Aorta
Antibiotics: See Drugs, antibiotic
Antibodies: See Blood
Antidiuretic hormone
inappropriate secretion (editorial), 231 (Apr.)
Anxiety: See Psychiatry
Aorta
aneurysm, ruptured abdominal, diagnosis and management, 123 (May)
aneurysms, surgery in aged, 228 (May)
dissection, acute, 132 (May)
Arm
injuries in adolescent athletes, 73 (Mar.), 75 (Mar.)
Arteries: See also Aorta
peripheral, trauma, 127 (Feb.)
pulmonary, aneurysm, x-ray diagnosis, 65 (Feb.)
pulmonary, embolism, prevention and treatment, 85 (May)
pulmonary, embolism, streptokinase therapy, 262 (Apr.)
sclerosis, nicotinic acid therapy, 24 (Mar.)
Arthritis
bursitis of knee, causes, 23 (June)
chronic, vasculitis and cutaneous histoplasmosis and, 226 (Feb.)
drug therapy, current, 100 (Apr.)
rheumatoid, oral manifestations, 138 (Jan.)
Aspirin
reaction, anaphylactic, 197 (May)
side effects (editorial), 232 (Apr.)
Azoospermia: See Testes

Bacterial infection
oral manifestations, 147 (Feb.)
Behçet's syndrome
oral manifestations, 135 (Jan.)
Bends: See Decompression sickness
Blink test: See Pain, threshold
Blood
antibodies, irregular, significance in pregnancy, 187 (Jan.)
Australia antigen in hepatitis, 76 (Feb.)
Australia/SH antigen in hemophiliacs, 273 (Feb.)
cholesterol, signs of hypercholesterolemia, 24 (June)
dyscrasias: See also Anemia, Leukemia
dyscrasias, oral complications, 67 (Jan.), 115 (Jan.)
dyscrasias, relation to bone marrow distribution of technetium 99m sulfur colloid, 263 (Apr.)
transfusion, component therapy—platelets, plasma proteins and white cells, 55 (Feb.)
transfusion, component therapy—red blood cell concentrates, 47 (Jan.)
transfusion, potassium content of various components, 61 (June)
Blood pressure
high, hypertensive crisis, 95 (May)
Blood vessels: See also Arteries, Veins
peripheral, trauma, 127 (Feb.)
surgery in elderly, 228 (May)
Bone
disease, Osgood-Schlatter, 85 (Mar.)
disorders, genetic, oral manifestations, 155 (Mar.), 155 (Apr.)
dysplasia, polyostotic fibrous, 23 (Mar.)
necrosis in systemic lupus erythematosus, 263 (Mar.)
osteoma, osteoid, x-ray diagnosis, 61 (Apr.)
osteoporosis (editorial), 243 (May)
Bone marrow
disease, myeloproliferative, oral complications, 155 (Jan.)
distribution of technetium 99m sulfur colloid in hematologic disease, 263 (Apr.)
grafts, conditioning with antilymphocytic serum, 206 (June)
Brain
damage due to birth injury, 199 (Mar.)
encephalopathy, penicillin-induced, 254 (Jan.)
medulloblastoma, 221 (Mar.)

Breast
galactorrhea, treatment, 76 (Apr.)
pain and burning, unilateral, 24 (June)
Bronchi: See Lung
Burns
complications, ulceration of gastrointestinal tract (editorial), 242 (Feb.)
Bursitis
of knee, causes, 23 (June)

"Café coronary": See Foreign bodies, aspiration
Cancer
carcinoid syndrome, 264 (Mar.)
embryonal carcinoma, treatment, 215 (Jan.)
fear of, obsessive, 205 (Feb.)
fever and, 24 (May)
Hodgkin's disease, histologic type and clinical stages, 204 (June)
lymphoma, malignant, sarcoidosis and, 221 (Apr.)
metastatic, oral manifestations, 155 (Jan.)
nevoid basal cell carcinoma syndrome, 155 (Apr.)
of brain, medulloblastoma, 221 (Mar.)
of liver, fetoglobulin test, 63 (May)
of pancreas, 148 (Apr.)
of skin, in aged, 209 (Jan.)
of stomach, 264 (Mar.)
of tongue, 118 (Mar.)
progress report (editorial), 242 (May)
psychotherapeutic approach to patient, 206 (Feb.)
surgery, prevention of infection, 204 (June)
terminal, use of analgesic drugs, 102 (June)
treatment with ICRF-159, 23 (May)
Candidiasis
in diabetics, 85 (June)
oral, 69 (Jan.), 127 (Jan.), 145 (Jan.), 147 (Feb.), 152 (Feb.), 163 (Feb.)
Carbenicillin: See Penicillin
Carbon monoxide
poisoning effects, 273 (Feb.)
Carcinoid syndrome
chemotherapy, 264 (Mar.)
Cardiovascular and pulmonary systems
emergencies, life-threatening, introduction to special issue, 72 (May)
Cauda equina: See Spinal cord
Central nervous system
birth injuries, 199 (Mar.), 202 (Apr.)
disease, oral motor impairment, 162 (Jan.)
stroke rehabilitation in general hospitals, 211 (Mar.)
Cephaloglycin
properties and uses, 120 (June)
Cephalosporin
sensitivity (letter), 68 (Apr.)
treatment of Gram-negative infections, 197 (Jan.)
Children: See Pediatrics
Cholesterol
signs of hypercholesterolemia, 24 (June)
Chromium
effect on blood glucose and cholesterol, 235 (Jan.)
Clindamycin
properties and uses, 120 (June)
Clinicopathologic conferences
chronic arthritis, vasculitis, and cutaneous histoplasmosis, 226 (Feb.)
problems with prosthetic valve surgery, 177 (June)
progressive pulmonary insufficiency and malignant lymphoma, 221 (Apr.)
Colon: See Intestines
Community and social medicine
adolescent inpatient program for psychiatric care, 181 (Mar.)
emergency services, hospital, 223 (Jan.)
"free" health care in Scandinavia (editorial), 244 (Feb.)
geriatric care, selection of facilities, 215 (Feb.)
health services, suggestions for redesign, 140 (June)
neighborhood health centers, changing roles of personnel, 193 (Apr.)
Computers: See Electronics in medical practice
Connective tissue disease
oral manifestations, 134 (Jan.)
Contraceptives
marriage counseling concerning, 166 (Apr.)
oral, side effects, gingivitis, 109 (Jan.)
Coombs' test
positive, significance, 23 (Jan.)
Corporations
professional, tax advantages and, 164 (Mar.)
Corticosteroids and ACTH
alternate-day therapy, rationale, 181 (Feb.)
arthritis therapy, 103 (Apr.)
therapeutic value (editorial), 239 (Mar.)
Curling's ulcer
definition (editorial), 242 (Feb.)
Cysts: See Lung, Skin

Decompression sickness
in scuba and skin divers, 137 (Apr.)
Deficiency states: See Nutrition
Diabetes mellitus
cutaneous manifestations, 84 (June)
juvenile-onset, management problems, 118 (Apr.)
oral changes, 106 (Jan.)
remission, partial, after oral therapy, 101 (Mar.)
retinopathy, treatment with argon lasers, 45 (June)
Digitalis
intoxication, therapy, 99 (Feb.)
Drugs
abuse, informational material for emergency rooms, 23 (Apr.)
analgesic, narcotic and nonnarcotic, 102 (June)
antibiotic, three new antimicrobial agents, 120 (June)
antimicrobial, in treatment of Gram-negative infections, 195 (Jan.)
arthritis therapy, 100 (Apr.)
cancer therapy with ICRF-159, 23 (May)
halothane, current status, 177 (Apr.)
L-dopa, treatment of parkinsonism, 273 (Feb.)
"psychedelic," personality problems and, 240 (Jan.), 265 (Feb.)
salicylates, side effects (editorial), 232 (Apr.)
selection in hypertensive crisis, 95 (May)
side effects, in noncardiac surgery in cardiac patients, 170 (Feb.)
side effects, malnutrition, 247 (Mar.)
side effects, oral, 121 (Jan.), 140 (Jan.)
suicide attempts and, 184 (May)
Duodenum
hematoma, traumatic intramural, 261 (May)
ulcer: See Peptic ulcer
Dysautonomia
familial, oral manifestations, 160 (Feb.)

Dysphagia
bulbar palsy and, 162 (Jan.)
Dyspnea: See Respiration

Ear
injury in scuba and skin divers, 135 (Apr.)
Ejaculum: See Semen
Elbow
injuries in adolescent athletes, 73 (Mar.)
Electronics in medical practice
argon lasers in photocoagulation therapy, 45 (June)
computer systems for electrocardiographic analysis, 47 (May)
conference, 1971, 48 (Mar.)
information systems, American Hospital Association Conference, 47 (Feb.)
monitoring, real-time, 47 (Mar.)
respiratory and cardiopulmonary testing, 43 (Apr.)
ultrasound, new applications, 41 (Jan.)
Embolism: See Arteries, pulmonary
Emphysema: See Lung
Epidermolysis bullosa
oral manifestations, 162 (Feb.)
Erythema multiforme exudativum
oral symptoms, 129 (Jan.)
Erythroblastosis fetalis
prevention, 23 (Jan.)
Esophagus
leiomyoma, x-ray diagnosis, 53 (June)
Eye
disease, photocoagulation therapy with argon lasers, 45 (June)
spastic closure, 23 (Apr.)

Face
spasm, hemifacial, 23 (Apr.)
Fertility
azoospermia, undescended testes and, 23 (Apr.)
Fetus
distress, treatment, 263 (Mar.)
Fever
recurrent, differential diagnosis, 24 (May)
Fingers
numbness, leprosy and, 23 (Feb.)
Foot
enlargement, diffuse unilateral, 23 (May)
Foreign bodies, aspiration
as cause of respiratory failure, 164 (May)
Fractures
in adolescent athletes, 72 (Mar.)
mandibular, ultrasonic visualization, 41 (Jan.)
Fungous infections: See also Candidiasis, Histoplasmosis
oral, 151 (Feb.)
Furosemide
treatment of acute renal failure, 204 (June)

Galactorrhea
treatment, 76 (Apr.)
Gallbladder
calculi in elderly, 213 (Apr.)
Gastrointestinal tract: See also Intestines, Stomach
bleeding, massive, in elderly, 215 (Apr.)
ulceration following burns (editorial), 242 (Feb.)

Genetics
oral manifestations of inherited disorders, 144 (Jan.), 159 (Feb.), 155 (Mar.), 155 (Apr.)
Genitourinary tract: See also Kidney
infection, 263 (Mar.)
infection, bacteriuria in pregnancy, 216 (May)
office urology, 109 (Apr.)
Gentamicin
treatment of Gram-negative infections, 198 (Jan.)
Geriatrics
cardiac amyloidosis, 169 (June)
endocrine therapy in women, 192 (Mar.)
medical environments, selection, 215 (Feb.)
oral aspects of aging, 179 (Jan.)
psychology of aging, 255 (May), 199 (June)
psychotherapy, confrontation as problem-solving technic, 202 (Feb.)
skin diseases, 206 (Jan.)
stroke rehabilitation in general hospitals, 211 (Mar.)
surgery in elderly, 211 (Apr.), 226 (May)
tooth loss, psychic effects, 171 (Jan.)
Gingivitis
acute necrotizing, 147 (Feb.)
Glucose tolerance test
oral, significance of flat response, 55 (Mar.)
Gonorrhea
therapy, danger of masking associated syphilis, 23 (Mar.)
Gram-negative infections
treatment, 195 (Jan.)
Gynecology: See Obstetrics and gynecology

Halothane
anesthesia, induction and effects, 177 (Apr.)
Hand
tremor, intention, 25 (Feb.)
Hashimoto's disease: See Thyroid, lymphocytic thyroiditis
Head
injuries in adolescent athletes, 72 (Mar.)
Health insurance
"free" medical care in Scandinavia (editorial), 244 (Feb.)
Health services: See Community and social medicine
Heart: See also Heart disease
amyloidosis, senile, 169 (June)
aneurysm of pulmonary artery, 65 (Feb.)
arrhythmias, interpretation of electrocardiograms, 70 (June)
arrhythmias, life-threatening, recognition and management, 105 (May)
block, electrocardiographic diagnosis of syncope, 126 (Mar.)
cardiopulmonary testing, electronic, 43 (Apr.)
catheterization, laboratory systems, 47 (Mar.)
digitalis intoxication, therapy, 99 (Feb.)
electrocardiography, computer analysis, 47 (May)
failure in adults, 130 (June)
pacemaker, piezoelectric, body-powered, 42 (Jan.)
patients, noncardiac surgery, 170 (Feb.), 172 (Mar.), 184 (Apr.)
surgery, anesthesia in, 263 (Mar.)
valve surgery, prosthetic, complications, 177 (June)
wounds, penetrating, tamponade and, 114 (May)
Heart disease
coronary, acute circulatory failure with myocardial infarction, 74 (May)
coronary, surgery for myocardial revascularization, 127 (Apr.)

coronary, work simulation after infarction, 147 (Mar.)
low-sodium diet for, 193 (June)
nutrition and, 257 (Feb.)
Hemophilia
Australia antigen and, 273 (Feb.)
Hepatitis: See Liver
Hernia
surgery in elderly, 214 (Apr.)
Herpes
simplex, oral, 67 (Jan.), 87 (Jan.), 123 (Jan.)
zoster, oral manifestations, 87 (Jan.)
Hip
fracture, surgery in elderly, 230 (May)
injuries in adolescent athletes, 75 (Mar.)
Histoplasmosis
cutaneous, vasculitis and chronic arthritis and, 226 (Feb.)
Hodgkin's disease
clinical stages, histologic findings and, 204 (June)
Hormones: See Antidiuretic hormone, Corticosteroids and ACTH
Hyalinosis cutis et mucosae
oral manifestations, 163 (Feb.)
Hypertension: See Blood pressure, high

ICRF-159
treatment of cancer, 23 (May)
Ileostomy
uric acid stones and (editorial), 244 (Feb.)
Immunization
schedules for normal infants and children, 111 (June)
Immunology
antibody response to oral attenuated poliovirus vaccine, 205 (June)
infection, recurrent, in children with immunologic disorders, 158 (June)
Income tax
advantages of professional incorporation, 164 (Mar.)
Infants: See Pediatrics
Infection
bacteremic shock, septic abortion and, 148 (June)
recurrent, in children, 158 (June)
Infertility: See Fertility
Influenza
primary pneumonia and, 173 (May)
Injuries: See Trauma
Insects, stinging: See Stings
Intermittent claudication
due to compression of cauda equina, 204 (June)
Intestines
colitis, ulcerative, therapeutic challenges, 109 (Mar.)
colonic and rectal surgery in elderly, 213 (Apr.)
colonic pseudotumor, x-ray diagnosis, 55 (May)
colon, irritable, therapy, 25 (Mar.)
diarrhea, cholegenic, treatment with cholestyramine resin, 261 (May)
ileostomy, uric acid stones and (editorial), 244 (Feb.)
irritable bowel syndrome (editorial), 242 (May)
irritable bowel syndrome, excessive thirst and, 23 (Feb.)
obstruction after gastrectomy, 262 (Apr.)
obstruction, lower, in newborn, 137 (Feb.)
polyposis, oral discoloration and, 79 (Jan.)
surgery in elderly, 226 (May)

Jaw
fractures, ultrasonic visualization, 41 (Jan.)

Kidney
calculi, uric acid, complicating ileostomy, 244 (Feb.)
disease, diagnosis, muramidase assay, 51 (Apr.)
disease, diet and, 241 (Apr.)
failure, acute, treatment with furosemide, 204 (June)
glomerular lesions complicating pulmonary tuberculosis, 255 (Jan.)
Knee
bursitis, causes, 23 (June)
injuries in adolescent athletes, 76 (Mar.)
rigidity, postoperative, treatment, 254 (Jan.)

Laboratory medicine
blood component therapy—platelets, plasma proteins and white cells, 55 (Feb.)
blood component therapy—red blood cell concentrates, 47 (Jan.)
fetoglobulin in diagnosis of liver disease, 63 (May)
glucose tolerance test, oral, flat response, 55 (Mar.)
muramidase, diagnostic value, 51 (Apr.)
potassium load from blood transfusion, 61 (June)
Larynx
obstruction by foreign-body aspiration, 164 (May)
Lasers
argon, in photocoagulation therapy, 45 (June)
L-Dopa
treatment of parkinsonism, 273 (Feb.)
Leg
functional loss following severe trauma, 23 (June)
injuries in adolescent athletes, 76 (Mar.)
intermittent claudication due to compression of cauda equina, 204 (June)
length, unequal, correction, 83 (Mar.)
Leprosy
finger numbness and, 23 (Feb.)
oral manifestations, 151 (Feb.)
Leukemia
oral complications, 67 (Jan.), 115 (Jan.)
treatment with bone marrow grafts, 205 (June)
Lichen planus
oral symptoms, 128 (Jan.)
Liver
disease, fetoglobulin test, 63 (May)
hepatitis, Australia antigen and, 76 (Feb.), 273 (Feb.), 265 (Mar.)
hepatitis, childhood, changing pattern, 76 (Feb.)
trauma, management in community hospital, 136 (Mar.)
Lumbar disk syndrome
surgery, 87 (Feb.)
Lung: See also Respiration
disease, diagnosis, use of tantalum inhalation, 24 (Mar.)
emphysema, massive subcutaneous, 117 (Feb.)
injuries to major bronchi and trachea, 152 (May)
injury due to scuba and skin diving, 134 (Apr.)
insufficiency with lymphoma and sarcoidosis, 221 (Apr.)
pneumatoceles following aspiration of hydrocarbons, 57 (Jan.)
pneumonia, desquamative interstitial, 65 (Mar.)
pneumonia, primary influenzal, 173 (May)
respiratory and cardiopulmonary testing, electronic, 43 (Apr.)
tuberculosis, glomerular lesions and, 255 (Jan.)
Lupus erythematosus
bone necrosis and, 263 (Mar.)
oral manifestations, 130 (Jan.), 136 (Jan.)

Lymphoma
sarcoidosis and, 221 (Apr.)
Marriage counseling
panel discussion, 166 (Apr.)
Medical practice
"in goldfish bowl" (editorial), 233 (Apr.)
Metabolic diseases
oral changes, 106 (Jan.)
Mouth
aging, oral aspects, 179 (Jan.)
cancer of tongue, 118 (Mar.)
connective tissue disease, oral manifestations, 134 (Jan.)
deficiency states, oral indications, 97 (Jan.)
genetic disorders, oral manifestations, 144 (Jan.), 159 (Feb.), 155 (Mar.), 155 (Apr.)
infectious diseases, oral manifestations, 87 (Jan.), 147 (Feb.)
metabolic diseases, oral changes and manifestations, 106 (Jan.)
motor disabilities, progressive, 162 (Jan.)
myeloproliferative diseases, oral complications, 115 (Jan.)
periodontal disease, diet and, 249 (May)
pigmentation and discoloration, significance, 78 (Jan.)
psychic stress, oral signs, 171 (Jan.)
skin diseases, oral manifestations, 125 (Jan.)
systemic disorders, oral signs, introduction to special issue, 66 (Jan.)
tumors, metastatic, 155 (Jan.)
ulcers, systemic significance, 67 (Jan.)
Mumps
immunization, 111 (June)
Muramidase
assay, diagnostic value, 51 (Apr.)
Muscular dystrophy
oral motor impairment, 162 (Jan.)
Myocardial infarction: See Heart disease, coronary

Neck
injuries in adolescent athletes, 72 (Mar.)
Nerves
peripheral, birth injuries, 202 (Apr.)
Neurofibromatosis
multiple, oral manifestations, 160 (Feb.)
Newborn: See Pediatrics
Nicotinic acid
therapy of arteriosclerosis, 24 (Mar.)
Nutrition
chromium, effect on blood glucose and cholesterol, 235 (Jan.)
deficiency states, oral indications, 97 (Jan.)
diet and periodontal disease, 249 (May)
diet and renal disease, 241 (Apr.)
heart disease, national commission report, 257 (Feb.)
malnutrition, iatrogenic, 247 (Mar.)
milk absorption studies in newborn, 262 (May)
neurologic regulation of feeding behavior, 254 (Jan.)
sodium restriction, mild, 193 (June)

Obstetrics and gynecology
abortion on demand, psychiatric sequelae, 255 (Mar.)
abortion, septic, 148 (June)
antibodies, irregular, significance in pregnancy, 187 (Jan.)
bacteriuria in pregnancy, 216 (May)
birth injuries, neurologic, obstetric complications and, 199 (Mar.), 202 (Apr.)
Coombs' test, positive, significance in pregnancy management, 23 (Jan.)
endocrine therapy, reevaluation, 191 (Mar.)
estrogen alterations, oral changes, 108 (Jan.)
fetal distress, treatment, 263 (Mar.)
incontinence, stress urinary, evaluation, 192 (Feb.)
instrument delivery as cause of neurologic injury to infant, 199 (Mar.)
marriage counseling, 166 (Apr.)
premarital examination, 95 (June)
urinary distress, 110 (Apr.)
uterus, adhesions, Asherman's syndrome, 275 (Feb.)
Orthopedics: See Pediatrics, Trauma
Osteoporosis: See Bone

Pacemaker: See Heart
Pain
relief, narcotic and nonnarcotic analgesics, 102 (June)
threshold, establishment with blink test, 108 (Feb.)
Pancreas: See also Diabetes mellitus
inflammation, acute, 91 (Mar.)
inflammation, chronic, 145 (Apr.)
tumors, 148 (Apr.)
Parathyroids
dysfunction, oral changes, 107 (Jan.)
hypoparathyroidism, hereditary syndrome, oral manifestations, 163 (Feb.)
Parkinsonism
L-dopa therapy, 273 (Feb.)
Parotid
calculi, 261 (May)
Pediatrics
adolescent inpatient program, for psychiatric care, 181 (Mar.)
adolescents and accidents (editorial), 238 (Mar.)
athletic injuries in adolescents, 73 (Mar.)
carcinoma, embryonal, treatment, 215 (Jan.)
cephalosporin sensitivity (letter), 68 (Apr.)
colonic obstruction in newborn, 137 (Feb.)
colors of newborn, significance, 206 (May)
deficiency states, oral indications, 97 (Jan.)
diabetes mellitus, juvenile-onset, 118 (Apr.)
encephalopathy, penicillin-induced, 254 (Jan.)
genetic disorders, oral manifestations, 144 (Jan.), 159 (Feb.), 155 (Mar.), 155 (Apr.)
Gram-negative infections, treatment, 195 (Jan.)
hemolytic disease of newborn, irregular antibodies and, 187 (Jan.)
hepatitis, childhood, changing pattern, 76 (Feb.)
immunizations, current status, 111 (June)
infections, recurrent, 158 (June)
infectious diseases, oral manifestations, 87 (Jan.)
medulloblastoma, 221 (Mar.)
metabolic diseases, oral changes, 106 (Jan.)
milk absorption studies in newborn, 262 (May)
neurologic birth injuries, 199 (Mar.), 202 (Apr.)
oral reflections of infectious diseases, 87 (Jan.), 137 (Feb.)
orthopedic problems in adolescence, 83 (Mar.)
osteoma, osteoid, 61 (Apr.)
pneumonia, desquamative interstitial, in infant, 65 (Mar.)
practical, introduction to special series, 74 (Feb.)
syphilis, prenatal, oral manifestations, 150 (Feb.)
Pemphigoid
benign, oral symptoms, 129 (Jan.)

Pemphigus
oral symptoms, 130 (Jan.)
Penicillin
carbenicillin, properties and uses, 120 (June)
carbenicillin, treatment of Gram-negative infections, 199 (Jan.)
side effects, encephalopathy, 254 (Jan.)
Penis
small, anxiety regarding, 25 (Mar.)
Peptic ulcer
perforated, surgery, 274 (Feb.)
surgery in elderly, 213 (Apr.)
Physical examination
premarital, 95 (June)
Physical medicine and rehabilitation
functional restoration after leg injury, 23 (June)
stroke rehabilitation in general hospitals, 211 (Mar.)
work simulation after myocardial infarction, 147 (Mar.)
Physicians
assistants for, training and qualifications (editorial), 240 (Mar.)
practice "in goldfish bowl" (editorial), 233 (Apr.)
Placenta
growth, ultrasonic measurement, 41 (Jan.)
Pneumonia: See Lung
Poisoning: See also Stings
carbon monoxide, 273 (Feb.)
digitalis, therapy, 99 (Feb.)
heavy metal, oral discoloration and, 78 (Jan.)
Poliomyelitis
antibody response to oral attenuated vaccine, 205 (June)
Potassium
level in stored blood, 61 (June)
Pregnancy
complications, bacteriuria, 216 (May)
complications, oral changes, 108 (Jan.)
complications, positive Coombs' test, 23 (Jan.)
placental growth, ultrasonic measurement, 41 (Jan.)
Premarital examination: See Physical examination
Propranolol hydrochloride
treatment of acute psychosis, 205 (June)
Prostate
surgery in elderly, 229 (May)
Psychedelia
drug-induced or spontaneous, personality problems and, 240 (Jan.), 264 (Feb.)
Psychiatry
abortion on demand, psychiatric sequelae, 255 (Mar.)
adolescent inpatient program, 181 (Mar.)
anxiety, dyspnea and, 23 (Jan.)
confrontation as problem-solving technic for older patients, 202 (Feb.)
"high," drug-induced or spontaneous, personality characteristics and, 240 (Jan.), 264 (Feb.)
marriage counseling, 166 (Apr.)
neurotic and psychotic skin lesions in aged, 207 (Jan.)
psychology of aging, 255 (May), 199 (June)
psychosis, acute, treatment with propranolol hydrochloride, 205 (June)
stress, effects on oral cavity, 171 (Jan.)
suicide attempts with drugs, 184 (May)
Pulmonary: See Arteries, Cardiovascular and pulmonary systems, Lung
Pyoderma gangrenosum
treatment, 251 (Feb.)

Radiology
aneurysm of pulmonary artery, angiography, 65 (Feb.)
tantalum inhalation in x-ray diagnosis of lung lesions, 24 (Mar.)
ultrasonic monitoring of contrast material, 42 (Jan.)
x-ray diagnosis of desquamative interstitial pneumonia, 65 (Mar.)
x-ray diagnosis of leiomyoma of esophagus, 53 (June)
x-ray diagnosis of osteoid osteoma, 61 (Apr.)
x-ray diagnosis of pneumatocele, 57 (Jan.)
x-ray diagnosis of pseudotumor of transverse colon, 55 (May)
Regional Medical Programs
Alabama, 235 (Feb.)
Colorado-Wyoming, 251 (Apr.)
Illinois, southern, and eastern Missouri, 230 (Mar.)
Missouri, eastern, and southern Illinois, 230 (Mar.)
New York State, western, 248 (Jan.)
Reiter's syndrome
oral manifestations, 136 (Jan.)
Respiration: See also Lung
dyspnea due to anxiety, 23 (Jan.)
failure, acute, 143 (May)
failure due to foreign-body aspiration, 164 (May)
Ribs
polyostotic fibrous dysplasia, 23 (Mar.)
Rubella
immunization, 111 (June)

Salicylates
side effects (editorial), 232 (Apr.)
Sarcoidosis
lymphoma and, 221 (Apr.)
Scarlet fever
oral manifestations, 151 (Feb.)
Scleroderma
oral manifestations, 137 (Jan.)
Scrotum: See Testes
Semen
gel-like particles in, 24 (Feb.)
Sex education
premarital examination and, 95 (June)
Shock
bacteremic, septic abortion and, 148 (June)
Shoulder
injuries in adolescent athletes, 72 (Mar.)
Sjögren's syndrome
oral manifestations, 134 (Jan.)
Skin
colors in newborn, 206 (May)
cysts, synovial, treatment, 231 (Jan.)
diseases affecting oral mucosa, 125 (Jan.)
diseases, hereditary, oral manifestations, 159 (Feb.)
diseases of aged, 206 (Jan.)
histoplasmosis, 226 (Feb.)
in diabetes, manifestations and problems, 84 (June)
injury in scuba and skin divers, 136 (Apr.)
lesions, erythematous, unexplained, 24 (Jan.)
pyoderma gangrenosum, treatment, 251 (Feb.)
Smallpox
vaccination in young children, 111 (June)
Social medicine: See Community and social medicine
Spinal cord
cauda equina, compression, as cause of intermittent claudication, 204 (June)

Spine
injuries in adolescent athletes, 75 (Mar.)
lumbar disk syndrome, surgery, 87 (Feb.)
osteoma, osteoid 61 (Apr.)
polyostotic fibrous dysplasia, 23 (Mar.)
scoliosis, 87 (Mar.)
Sports medicine
injuries to adolescent athletes, 72 (Mar.)
Stings
from poisonous marine animals, 139 (Apr.)
insect, acute reaction, 191 (May)
insect, immunization, 24 (Apr.)
Stomach
gastrectomy, intestinal obstruction and, 262 (Apr.)
tumors, mesenchymal, 264 (Mar.)
ulcer: See Peptic ulcer
Streptokinase
therapy of pulmonary embolism, 262 (Apr.)
Stroke: See Central nervous system
Suicide
attempted, drug overdose and, 184 (May)
Sulfonamides
treatment of Gram-negative infections, 196 (Jan.)
Surgery
noncardiac, in cardiac patients, 170 (Feb.), 172 (Mar.), 184 (Apr.)
problems in elderly, 211 (Apr.), 226 (May)
Swallowing: See Dysphagia
Syncope
diagnosis, electrocardiographic, 126 (Mar.)
Syphilis
masking by therapy for gonorrhea, 23 (Mar.)
oral manifestations, 148 (Feb.)
test for, as part of premarital examination, 95 (June)

Teeth
abnormalities due to systemic disease, 107 (Jan.)
defects due to genetic disorders, 155 (Mar.), 155 (Apr.)
extraction, complications due to myeloproliferative disease, 116 (Jan.)
loss in aged, 180 (Jan.)
loss, psychic effects, 171 (Jan.)
malformation in prenatal syphilis, 148 (Feb.)
periodontal disease, diet and, 249 (May)
Telangiectasia
hereditary hemorrhagic, oral manifestations, 159 (Feb.)
Testes
scrotal swellings and masses, 111 (Apr.)
undescended, azoospermia and, 23 (Apr.)
Tetracyclines
treatment of Gram-negative infections, 196 (Jan.)
Thirst
excessive, with irritable bowel syndrome, 23 (Feb.)
Thyroid
changes following iodine 131 therapy, 262 (May)
dysfunction, oral changes, 108 (Jan.)
inflammation, subacute, 255 (Jan.)
lymphocytic thyroiditis, 235 (May)
Tongue
carcinoma, 118 (Mar.)
Trachea
complications of intubation and tracheostomy, 147 (May)
injuries of trachea and major bronchi, 152 (May)
Transfusion: See Blood
Trauma
adolescents and accidents (editorial), 238 (Mar.)
computerized unit for injured, 47 (Mar.)
generalized, due to falling from great heights, 275 (Feb.)
heart wounds, penetrating, 114 (May)
hematoma, intramural duodenal, 261 (May)
hepatic, management in community hospital, 136 (Mar.)
injuries due to scuba and skin diving, 134 (Apr.)
injuries to adolescent athletes, 72 (Mar.)
leg injury with functional loss, 23 (June)
neurologic, during birth, 199 (Mar.)
peripheral vascular, 127 (Feb.)
tracheal and bronchial, 152 (May)
Tremor
intention, of hands, 25 (Feb.)
Tuberculosis
oral manifestations, 151 (Feb.)
pulmonary, glomerular lesions and, 255 (Jan.)
Tuberous sclerosis
oral manifestations, 161 (Feb.)

Ulcer: See Curling's ulcer, Mouth, Peptic ulcer
Ultrasound
new applications, 41 (Jan.)
Urethra
stenosis, meatal, 109 (Apr.)
Urinary tract: See Genitourinary tract
Urine
incontinence, stress, evaluation, 192 (Feb.)
Uterus
adhesions, Asherman's syndrome, 275 (Feb.)

Veins
peripheral, trauma, 127 (Feb.)
thrombosis, prevention, 254 (Jan.)
Vincent's disease: See Gingivitis
Viral infections: See also Liver, hepatitis
oral manifestations, 69 (Jan.), 87 (Jan.)
Vitamins
deficiency, oral indications, 97 (Jan.)
nicotinic acid therapy of arteriosclerosis, 24 (Mar.)
riboflavin deficiency, oral discoloration and, 79 (Jan.)

X-rays: See Radiology

QUARTERLY ABSTRACTS

SUBSCRIBER SERVICE

Indexed summaries of clinical articles published in the April, May and June 1971 issues of POSTGRADUATE MEDICINE

SECOND ISSUE: JUNE 25, 1971

POSTGRADUATE MEDICINE

Index to Volume 50

Subjects

Abortion
screening and counseling, 208 (Oct.)
technics, 131 (Aug.), 213 (Sept.)
Adams-Stokes syndrome: See Heart
Adolescents
outpatient clinic, 245 (Sept.)
Adrenals
pheochromocytoma, multidisciplinary challenge, 217 (Oct.)
Alcoholism
deficiency diseases, secondary, of nervous system, 75 (Sept.)
neuropathy, peripheral, and, 111 (Sept.)
Allergy
asthma, acute respiratory failure and, 58 (Aug.)
asthma in childhood, infection and, 225 (Sept.)
cold urticaria, 133 (Oct.)
erythema annulare centrifugum, 23 (Nov.)
immunologic consequences of infectious diseases, 100 (Nov.)
reactions to antimicrobial drugs, 193 (Nov.)
Angina pectoris: See Heart disease, coronary
Arteries
sclerosis, drug therapy, 25 (Sept.)
Arthritis, rheumatoid
comprehensive care, 143 (Oct.)
synovectomy results, 262 (Oct.)
Asthma
acute respiratory failure and, 58 (Aug.), (letter) 47 (Dec.)
infection and, in childhood, 225 (Sept.)
Ataxia
cerebellar, in children, 93 (Aug.)
Australia antigen
hepatitis and (editorial), 161 (Dec.)
significance, in donor blood, 167 (Dec.)
test for, applications of, 70 (Dec.)

Beriberi
alcoholic polyneuropathy, 78 (Sept.)
Bladder
cystotomy, suprapubic, 171 (Oct.)
Blood
cryoglobulins in patients with cold urticaria, 136 (Oct.)
dyscrasias: See Leukemia
erythrocyte values at high altitudes, 23 (Oct.)
hemolytic syndromes in children, pathophysiology, 179 (Oct.)
hypoglycemia, neonatal, 91 (July)
hypoglycemia, reactive (editorial), 228 (Oct.)
phagocytes, deficiency of, in recurrent infections, 88 (Nov.)
transfusion as cause of hepatitis, Australia antigen and, 167 (Dec.)
Blood pressure
high, in children (editorial), 264 (Sept.)
high, in patient with pheochromocytoma, 217 (Oct.)
low, in septic shock, 149 (Nov.)
Bone
myeloma, multiple, with leukemia, 254 (Sept.)

osteomyelitis, pyogenic, of spine, 58 (July)
Brain
blood flow, computerized measurement in aged, 140 (Aug.)
cerebellar ataxia in children, 93 (Aug.)
cerebellar degeneration, alcoholic, 79 (Sept.)
changes due to aging, 191 (Oct.)
encephalitis, viral, 158 (Sept.)
encephalitis, viral, in children, 99 (July)
intracranial pressure, high, in children, 191 (Sept.)
surgery, postoperative pressure-monitoring system, 47 (Sept.)
Breast
fibroadenoma, intracanalicular hypercellular, 300 (Sept.)
size, decreased, after lactation, 181 (Dec.)
Bronchitis: See Lung, disease
Brucellosis
treatment, long-term, with antibiotics, 24 (Nov.)
Burns
infection, 126 (Nov.)

Cancer
effects on nervous system, 85 (Sept.)
fever and, 182 (Nov.)
myeloma, multiple, with leukemia, 254 (Sept.)
nutritional aspects, 65 (Oct.), 57 (Nov.)
of breast, fibroadenoma, 300 (Sept.)
of esophagus, as cause of dysphagia, 81 (Oct.)
of lung, mesothelioma in industrial worker, 265 (Nov.)
of ovary, in childhood and adolescence, 230 (Nov.)
of stomach, differential diagnosis, 82 (Dec.)
of uterine cervix, intestinal fistula after pelvic irradiation and radical surgery, 168 (July)
pheochomocytoma, 217 (Oct.)
sarcoma, osteogenic, with pneumothorax, 73 (Oct.)
Care: See Medical care
Central nervous system
cerebellar ataxia in children, 93 (Aug.)
disease, as cause of hypotonia in children, 116 (July)
disease, cutaneous manifestations in children, 83 (Aug.)
disease, viral infection and, 158 (Sept.)
disease, with progressive ascending paralysis, 180 (Dec.)
meningitis, acute bacterial, in children, 100 (Aug.)
meningitis, chronic, 139 (Sept.)
Children: See Pediatrics
Chromosomes: See Genetics
Climacteric
male and female, 124 (Oct.)
Clinicopathologic conferences
industrial lung disease, 265 (Nov.)
plasma cell dyscrasia without bone lesions, 254 (Sept.)
Cold
hypersensitivity to, urticaria and, 133 (Oct.)
Colitis: See Intestines
Community and social medicine
abortion screening and counseling, 208 (Oct.)
adolescent outpatient clinic, 245 (Sept.)
ambulatory care for children, role of teaching hospital, 150 (July)
care evaluation, peer review (editorial), 229 (Oct.)
health maintenance organization (editorial), 177 (July)
health services, redesign, 133 (July)
national health insurance (editorial), 266 (Sept.)
Contraceptives, oral
in diagnosis of ovarian cysts, 143 (July)
reappraisal, 121 (Aug.)
Convulsions: See Seizures
Corticosteroids and ACTH
risks in treatment of rheumatoid arthritis, 148 (Oct.)
treatment of herpes zoster, 153 (Dec.)
Covet, Sylvia
executive editor, POSTGRADUATE MEDICINE, 1946-1971 (editorial), 163 (Dec.)
Creatinine
measurements, clinical significance, 236 (Oct.)
Cretinism
congenital, x-ray diagnosis, 62 (Dec.)
Crush syndrome
treatment, 261 (Oct.)
Cystic fibrosis
pathogenesis, theories concerning, 92 (Oct.)
steatorrhea and, 123 (Dec.)
Cystotomy: See Bladder

Dental: See Teeth
Diabetes mellitus
dietary control, 43 (Aug.), 55 (Sept.)
glucose tolerance test, misinterpretation, 149 (Aug.)
latent, treatment during pregnancy, 300 (Sept.)
peripheral neuropathy and, 108 (Sept.)
Diaphragm
paralysis, unilateral, in newborn, 51 (Aug.)
Diet: See Nutrition
Digitalis
toxicity, electrocardiographic signs, 245 (Oct.)
Down's syndrome
in children of twins, 23 (Sept.)
risk, 214 (July)
Drugs: See also Contraceptives, oral
antimicrobial, adverse effects, 193 (Nov.)
antimicrobial, in treatment of urinary tract infections, 143 (Nov.)
antimicrobial, remediable causes of therapeutic failure, 161 (Nov.)
digitalis, toxicity, electrocardiographic signs, 244 (Oct.)
heroin, addiction, medical complications (editorial), 227 (Oct.)
interactions, treatment booklet (letter), 36 (July)
levodopa, therapy in parkinsonism, 180 (Sept.), 23 (Nov.), 94 (Dec.)
selection, in treatment of cardiac dysrhythmias following infarction, 161 (Oct.), 217 (Nov.)
side effects, movement disorders due to phenothiazines and levodopa, 180 (Sept.)
Ductus arteriosus: See Heart disease, congenital
Dysphagia
diagnosis, 81 (Oct.)

Ear
middle, otitis, recurrent unilateral, 25 (Oct.)
Electrocardiography
Adams-Stokes syndrome, 199 (Oct.)
arrhythmias, digitalis-induced, 245 (Oct.)
arrhythmias, interpretation, 124 (July)
monitoring, electronic, 41 (July), 39 (Dec.)
pacemaker, runaway, 154 (Aug.)
remote interpretation of electrocardiograms, 50 (Nov.)
tachycardia, drug-resistant atrioventricular junctional, treatment with pacemaker, 294 (Nov.)
tachycardia, ventricular, diagnostic clue, 283 (Sept.)
ventricular conduction, aberrant, resembling premature beats, 193 (July)

Electrode
biomedical, flexible, developed by space science research, 38 (Aug.)
Electrolytes
water-electrolyte imbalance, neurologic symptoms, 170 (Sept.)
Electronics in medical practice
advances in radiotherapy and interpretation of electrocardiograms, 49 (Nov.)
cardiac diagnostic equipment, 41 (July)
computer technology in geriatric care, 140 (Aug.)
information systems, effect on patient care, 55 (Oct.)
mass monitoring system for general hospitals, 39 (Dec.)
space science research, applications of, 37 (Aug.), 47 (Sept.)
Emphysema: See Lung, disease
Enuresis: See Urine
Epilepsy: See Seizures
Erythrocytes
values at high altitudes, 23 (Oct.)
Esophagus
disease, dysphagia and, 81 (Oct.)
Eye
amblyopia, tobacco-alcohol, 78 (Sept.)
exophthalmos in thyrotoxicosis, 118 (Sept.)
geriatric problems, 235 (Sept.)
retinoscopy, automated, 38 (Aug.)

Fallopian tubes
occlusion, surgical treatment, 144 (Dec.)
Fertility
infertility tests, 169 (Aug.)
sterility due to tubal occlusion, surgery, 144 (Dec.)
Fever
prolonged unexplained, 182 (Nov.)
seizures and, in children, 107 (July)
Foot
podiatrist's role in neighborhood health center (letter), 36 (July)
Fungous infection
hospital-acquired, 118 (Nov.)
immunologic consequences, 100 (Nov.)

Gallbladder
calculi, dissolution, 300 (Sept.)
Gastrectomy
exclusion technic, 300 (Sept.)
Gastroenterology: See also Dysphagia, Intestines, Stomach
clinical, introduction to new series, 80 (Oct.)
Genetics
Australia antigen test, practical applications, 70 (Dec.)
chromosome studies, value and indications, 283 (Nov.)
Down's syndrome in children of twins, 23 (Sept.)
Down's syndrome, risk, 214 (July)
hemolytic syndromes, inherited, 182 (Oct.)
intestinal polyposis, hereditary, 261 (Oct.)
Genitourinary tract: See also Kidney
nonspecific urethritis and chronic prostatitis, 23 (Oct.)
